

Unit II Rhythmic Reading

Sixteenth Notes

The rumor is true! There *are* notes smaller than eighth notes. Just like there are two eighth notes inside a quarter note, there are two smaller notes inside eighth notes, too. You guessed it. There are 2 sixteenth notes inside one eighth note.

That means that there are 4 sixteenth notes inside a quarter note.

They look like this: 

1. 
2. 
3. 
4. 
5. 
6. 

7. 

8. 

9. 

10. 

11. 

12. 

13. 

14. 

15.
